Thought of the Week

A good action is never lost; it is treasure laid up and guarded for the doer's need.
—Calderton 1600-1681

The Talkers and the Doers

Legislators must again campaign, and voters will again listen to campaign promises.

How many politicians have come to the Glades and made these statements! "I sympathize with you." "A four lane highway is a must, but where will the money come from." "I hate to drive that road myself." "I'm aware of the situation and will do my best to see something is done."

Well, politicians can do more than talk. They can act!

Look at Alligator Alley, look at the Okeechobee road extension, look around both the state and the county and you will see the results of the Doers.

So far the politicians have driven our roads to come and talk to us about it. State Road 80 has one

of the highest death tolls in the nation. We know this and the politicians also know this. The road problem is on 'n'y one area where action is needed.

The Glades doesn't want to attract the talkers; it wants the doers. This campaign, unfortunately from many aspects, will give us another chance to tell the men who want to represent us that we expect their talk to be translated into action.

The Glades should not be just another campaign stop to be forgotten after elections, with the many problems now confronting this area, such as the peddlers, State Road 80 and labor. This is the time for the people of the Glades to make Doers out of the Talkers.

EXECUTIVE VICE PRESIDENT

Southern States Industrial Council

THE FEDERAL BUDGET

The ordinary American, who finds the keeping of his check-book a not inconsiderable task, surely must be stunned at the size and complexity of the federal budget proposed by President Johnson. Congress, with all its experts on fiscal matters, will be many weeks, if not months, unraveling all the threads of spending that Mr. Johnson has spun in the budget.

Yet every American, housewife as well as professional economist, can grasp the single most important feature of the budget: it is "super-colossal," to use a fanciful term employed by Hollywood motion picture producers. Indeed the administration budget is like a Hollywood production in all its lavishness.

It is true, of course, that a large part of the budget goes for necessary expenditures such as national defense. The American people can't afford to skimp on their own security. However, even here economy-minded congressmen should

carefully scrutinize proposed spending.

Leaving defense aside, it is clear from the budget that Mr. Johnson intends not simply to have guns and butter, but guns and education and health care. He hasn't proposed any reduction in lavish Great Society spending.

On the contrary, the administration WASHINGTON POST correctly points out that "outlays for health, education and general welfare programs are budgeted to rise."

It adds that "the Great Society programs should be stronger on July 1, 1969, than they are at the present time."

This means that Mr. Johnson has refused to hold the warning yellow light flashed by the voters in the fall congressional elections. The Great Society was a major issue, and the voters sent a much-needed Republican contingent to Congress because of opposition to giveaways.

It is unfortunate that Mr. Johnson has not paid attention to the warning light. This is

Uncle Dan From Doolie Says:

Dear Mister Editor: You newspaper folks don't have time to read all the pamphlets and magazines that are put out for farmers these days and it's a big pity on account of they would learn you a heap of things.

Ed Doolittle brings his latest issue of The Farm Journal to the session at the country store Saturday night and it had some figures in it that would surprise you. This magazine made a survey of 5,000 farm owners and operators and 87 per cent of them was in favor of cutting down on Government spending. And the shocker in the survey was that 63 per cent of the 5,000 voted to get the Government complete out of farm support and control programs. In other words they were not only in favor of cutting down on Government spending in general but they were in favor of less Government spending on farmers. And this piece in the Farm Journal said 68 per cent of the 5,000 farmers was again Agriculture Secretary Freeman's way of running the farm program.

That's what you would call, Mister Editor, giving an opinion on the farm program straight from the horse's mouth.

Zake Grubb reported he didn't get The Farm Journal but he was a regular subscriber to the Farmer's Digest and this magazine had took to including a fable, modern style, from Esop. The last one, he reported, said that once upon a time there was a ant that worked

hard all day in the fields. It was summer and the ant was busy cutting grass and dragging it home. The ant had a grasshopper for a neighbor and the grasshopper set in his doorway singing all day. When winter came, the ant had a whole bale of grass, but he had violated the Government farm regulations for over-harvesting grass. So the Government fined him \$150 and took his surplus grass and gave it to the grasshopper in exchange for his dead stamps.

Ed Doolittle, that don't like the Great Society and that has been a feller of strong and steady advice since the November 8 elections, butted in to say this grasshopper was a piker along side some he knowed about. He said he recalled reading about this big landowner in one big state got \$50,000 one year for not farming, built himself a \$50,000 home, put five bathrooms and put the house in his married daughter's name and claimed it as a tenant house deduction on his income tax report.

Personal, I think the Congress is shifting away from the victims to the cities. Folks has left the farms to where they were more votes in the cities. For instance, I see where they were setting up a "Demonstration Cities" program to show towns how the Government does it. Hold on to your tax purse, Mister Editor.

Yours truly, Uncle Dan

McClain Lectures At Christian Science Church

Thomas A. McClain of Chicago, Illinois spoke on "The Key to the Mystery of Creation" at a free public lecture last Monday night at the Christian Science church, Belle Glade. Mr. McClain is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

He asked, "Are we to conclude that there are two distinct lines of creative activity—the one spiritual and the other material—which in some mysterious way combine in man and the universe?"

In answering Mr. McClain said in part: "God and His creation are one, not two. This oneness is maintained throughout the entire order and fulfillment of being. The understanding of this oneness of being is the key that unlocks the mystery of creation. It clears away the errors of belief—the distortions and contradictions which have crept into mankind's concept of being."

He cited Jesus' statements, "I and my Father are one," and "Be ye therefore perfect, even as your Father which is in heaven is perfect," in support of this concept of creation.

My Idea of the Perfect Valentine's Day

I arose around 9:30 in the morning. The bright sun shone through by bedroom window and the breeze blew in the fresh crisp air. I went to my window seat and stared out of the window. It was truly a beautiful day!

After going through my regular morning routine, I went downstairs. Oh, glorious day! There on the dining table was a box of six red roses addressed to me! I opened the box and inside was a card reading, "To my darling, on Valentines Day. With all my love."

The entire morning was wonderful. My little brother didn't try to pick a fight. My mother didn't even yell at me to clean up my room. That afternoon, my dearest called. How wonderful to hear his voice! All day it was as if I were floating on a cloud. Everything I did turned out for the best. I was sure that today everything was possible.

That evening, when he came to pick me up, I was bursting with excitement. Tonight we were going to do something different. As we walked out into the clear and star-lit night, I was sure it was enchanted. We stopped at a small little restaurant. We entered the room and were seated in the back. The lights were dim and soft music seemed to come from nowhere. After a delightful dinner by candlelight, we walked along the boardwalk and listened to the tide rolling in and out. He took me in his arms . . .

RING! I woke up, with a start. That alarm clock! It WAS a dream! Seven o'clock. Ugh! Wearily, I climbed out of bed. I walked over to the window. The sky was overcast and it was beginning to rain. "This is Valentine's Day?" I asked myself.

As soon as breakfast was downed, it started. "I hope you've cleaned up that awful mess in your room," I heard out of the distance. "Right away, Mom," I yelled back. I thought once more, "THIS is Valentine's Day?" I'm convinced that Valentine's Day is all in a person's head — and HEART!

F. T. A. Slaves Are Sold

"Going, Going, Gone" cried the auctioneer.

The FTA club members are slaves to fellow students and teachers today as a result of auctions before school and during the break.

The members will be enslaved to their "masters" from the beginning of the day until sunset tomorrow. The slaves must do whatever the purchaser wishes. These chores include washing cars, carrying books, getting lunch trays, straightening closets for teachers, and the like.

The slave sale is the first of its kind to be held at BGHS. The FTA plans to make it an annual event. Hopes are high that in the future a "Freedom Dance" can be planned at the end of the slave day.

Any student or teacher may buy an FTA girl with the high bidder winning the girl. Minimum price for the prospective master to begin bidding with was \$50 with the sky as the set limit. One rule prevails: no girl is expected to do anything which is against school policy or which may prove embarrassing to her.

The profits from the sale helps the FTA with their projects for the year. Also, the cash-in-hand, banquet to be held soon, will draw from the profits.

The club will hold a rummage sale this Saturday. A car

wash is slated for May 11 to help with the expenses of the club.

In anticipation of the coming day, auctioneer, FTA president Jase Zump stated, "I hope the student body will take advantage of this situation. Just think of buying a girl to do all your work for an entire day — it's the chance of a lifetime!"

Who Is It?

When students look at a picture, some notice the legs. Others observe the hair and eyes to see if they can tell who it is. But when it comes to noticing the steps . . . Oh, well, see if you can guess who this cute blonde-haired, blue-eyed junior is.

Jean Kaufman — I think it's Kenny Cavine.

Mrs. Evans — The doll's as big as she is. She's cute. Does she still look like that now?

Blonde hair and blue eyes. I don't know.

Martha Gonzalez: Kathryn Smith?

Marsha Causey: Is it a girl? I couldn't tell by the haircut.

Vicki Betzner? Lois Collins? Kenneth White: I don't know who in the world it could be.

Mr. LaFam: How cute. Alice Halbrook? Isn't she cute.

Mr. Lowery: I don't know any of the juniors. I know Terry Mann, but he has dark hair.

Mrs. Littlefield: Is it a girl or a boy? The part in her hair tells me it's Alice Halbrook.

Ronnie Cooper: I've seen those steps somewhere. It's a girl, isn't it? That's Alice Halbrook, ain't it?

Rebecca Miranda: It looks like Dennis Connell.

Mrs. Williams — Oh, gracious me. Isn't she cute. It looks a little like the little Chisholm girl, but the hair has changed a little.

This is that energetic girl who is often seen driving her great Aunt's old Plymouth . . . Alice Halbrook.

Crawford Coaches 4 Sports

Belle Glade "fits just right," says Coach Alinson Crawford, Jr., a man of many sports at Belle Glade High School.

Known to most boys around BGHS as just "Coach," Crawford has coached football for four years, tennis for three years, junior varsity basketball for two years, and this year is the track coach.

Before coming to Belle Glade five years ago, Coach Crawford was a physical education instructor and football coach in Pascagoula, Miss. Crawford received his master's degree in physical education at the University of Mississippi. There, he also completed ROTC training and after leaving college became an army lieutenant.

Coch Crawford is married and has two sons: Sonny, 14, who attends Belle Glade Junior High and Mitch, 11, who is in the fifth grade.

Coach Crawford has been a member of the Community Methodist Church since coming to Belle Glade.

His hobbies are hunting and fishing, both of which he does often.

Rams Tennis Seasons Opens With Lake Worth

After the defeat of the Belle Glade Boys' team 7-0, the girls pulled through with a victory of 4-3. The game was with Lake Worth, on their courts.

"We did real well and showed much improvement, considering Lake Worth has professionals to train their tennis teams," said Coach Trego.

The number one player on each team is Herb Giese and Allison Cam.

Coach also said that the girls seem to do better than the boys since they are more experienced and have a larger team.

Pahokee will be the next opponents for B. G. H. S. tomorrow, here on the home courts. There is no charge to tennis matches.

Golf Team Plays Season Opener

The golf team teed off February 6, in the season opener against Saint South High at the Belle Glade Golf Course. It was a split score the girls winning their match and the boys losing theirs.

Rams Fall To Martin County

Weaker Martin County High took advantage of Belle Glade's shortage of players to upset the Rams in a close thriller Tuesday, Feb. 7.

Stuart's Mark Hopkins scored high with 28 points, with Belle Glade's Bryant Davis close behind scoring 26.

Belle Glade, lacking two main starters in Eddie McAllister and Eddie Prevatt, went down by a close score of 86 to 81.

The Tigers built a 14-point halftime lead before Belle Glade came back in a breathtaking rally in the third quarter to push ahead 67 to 65.

The Rams Terry Mann scored 20 points, while Henry Rion and Quen Wilson followed closely with 17 and 16 points.

Belle Glade dropped its second conference game against seven victories. The Rams are 12-5 overall.

The teams practice at the Belle Glade Golf Course every week day afternoon.

Tommy Altman, Barney Richmond, and Lee Richmond are the leading players. The team also includes Bruce Millers and Randy Laks, both new participants. Returning lettermen on the girls' team are Jean Jackson and Gail Parker.

Aggie Gressinger and Barbara Williams, first year players, round out the team. Last year the girls won the Suncoast Conference Match.

Betas Induct New Members

New members of the Beta Club have been inducted.

Each inductee maintained a 3.0 (straight B) average throughout the first semester and was approved by the administration.

Welcomed into the Beta Club were Chip Kaufman, Randy Laks, Jill Bowen, Johnny Williams, Janis Chaney, Nancy Wolf, Cynthia Thibaud, Brenda Buckner, Judy Mixon, Collette Carpenter, Enrique Temeu, Maria Arlas, Aggie Gressinger, and Jackie Baughman.

Student Council Ask For Help!!!

The Student Council needs the help of the entire Lake Shore Family to make our Clean-up Campaign a successful one. Students are asked to help by picking up paper in the classroom even though they might not have put it there. Each student is also asked to help keep the lunchroom clean by attending to his individual tray or following the procedure suggested by his teacher. We are asking teachers to see that there classrooms and lunch areas are left clean. Barbara Finney (Student Council President)

What Ever Happened To That "OLE LAKE SHORE SPIRIT"??

It has once said that the students of Lake Shore High have the spirit. But can anyone say it now? Is it because of the lack of participation on the part of the students in activities? Why is it so hard for the students to help the pep squad cheer the boys at games? Some students don't have enough school spirit to even attend basketball games?

Some students don't even wear purple and gold when the Student Council declares purple and gold day. Some students didn't even have enough school spirit to buy a Bobcat button. Why was it so hard to get a dollar for a Bobcat tag? If you had really wanted it you could have gotten it; you can get anything else you want. Some people don't care enough about their campus to pick up paper by their seat or to leave the lunch room clean after eating. The Student Council has been trying for your cooperation repeatedly in their clean-up campaign.

We have students who are always "downing" the Bobcat Page because their names haven't appeared on it, well we've given you the opportunity to write articles for the paper but you must keep in mind that we've only given to print the best articles because we only have a half page in which to print our news and we have to print articles of interest to the students and community. I feel that I'm qualified to speak on the subject of the seniors because I am a senior. They are some seniors who don't cooperate in anything. They are always criticizing and complaining and never do anything or suggest anything to improve the class.

If we want to bring the spirit back to Lake Shore — for there is no doubt it's gone — we must stick together. So cooperate more with your student council, newspaper staff, yearbook staff, and other organizations. Don't "down" your

Kampus Highlights

Buying a yearbook is what's happening. Have you bought yours? Juniors, how are the Prom arrangements coming along? That special assembly being Thursday was quite interesting. All of us should remember the points that were brought out.

If you have news of your club or organization give it to me. I will be more than glad to print it in Kampus Highlights. Eleventh grade English is quite trying isn't it? Mr. Williams really did a wonderful job on the Graduation pictures. Rehearsal will begin soon for the Senior Class Play.

The Student Council is asking for your assistance in keeping the campus clean. The Lake Shore Chapter of the FHA is planning to send delegates to the FHA State Convention in Tampa on April 6-8.

LSH Wins Two Out Of Three

The Mighty Bobcats bowed to Roosevelt in a South East Atlantic Conference Basketball game by a score of 63-59. It was a tight game with Roosevelt leading by 2 points at the end of the first quarter with scores 15-13. At the middle of the second quarter each team exchanges the lead and at the half Lake Shore led by two points with the score 30-28.

At the end of the third quarter Roosevelt led by 2 points and took two free throws with 10 seconds left to sweep it away from Lake Shore. Charles Haynes and Charles Walker led Lake Shore while Lowery and Nicholson paced the Devils.

It was a different story with Harlem Academy. The Mighty Bobcats jumped out with an 18 point lead in the first quarter with the score 26-8. With the shooting of Haynes, Walker, and Freney, Lake Shore led 45-18 at the half. At the end of the third quarter Lake Shore

led 72-34. With a 34 point lead at the beginning of the fourth quarter this made the boys play harder. Harlem never did see the light because Freney, Haynes, and Mack were stealing the ball most of the fourth quarter to pace Lake Shore to an 88-46 victory. Haynes was high scorer with 32 while Freney had 27.

With a 98-46 victory under their belts Lake Shore's journey to Fort Pierce to take on the Greyhounds. The Greyhounds led the scoring in the first with a 6 point lead, but the Cats bounced back and led 31-28 at the half. The Bobcats, then jumped a 6 point lead in the middle of the fourth period put the game out of the reach of the Greyhounds by a score of 63-59.

Freney was high scorer for Lake Shore with 27 points and Walker with 14 points. Gavin and Crutchfield were in double figures for the losers.
